Attn: Ms. Barbara Campbell:

Re: SN 10/536,516,
Title: "Fungicides"
Filed: May 25, 2005

Dear Ms. Campbell:

Thank you for discussing the above-referenced patent application that is currently pending before the USPTO. I stated that we received a "Notification of Defective Response", mailed June 15, 2006, requesting Applicants to provide an appropriate "Sequence Listing" in accordance with 37 C.F.R. § 1.821(c). As I explained to you, the present application does not describe information about a sequence that falls within the definitions of the rules and therefore it is believed that the Notification was received in error. As you suggested, I am sending this correspondence to provide written confirmation that the present application does not include a Sequence Listing so that appropriate correction can be made in the PTO files.

According to our conversation, I will assume that nothing further is needed from our office in handling this error. However, please feel free to contact me at the number listed above should you have any questions or need additional information.

Sincerely,

A handwritten signature in black ink, appearing to read "Rebecca A. Gegick".
